### Principal Pearl M. Warner

Dear Graduates,

As you peruse the pages of the Yearbook, Opus '82, your years at John Bowne will come to mind quickly. You will remember teachers, counselors, friends, incidents, accomplishments, all in a flash. You will not then be aware of the deeprooted influence your high school experience has had on you, or to what extent the knowledge you have gleaned here will be utilized throughout your life.

Perhaps a poem studied in an English class inspired you to achieve some unusual goal. The work of a great scientist may have caused you to pursue a medical career. The gripping words of a famous patriot may have sparked your interest in a career in the service of your country. The influence of a memorable coach may have caused you to seek a career as a professional ball player. Your experiences in the Math Department may have led you to opt for a career in engineering or computer science. Your exposure to foreign languages may have given you the desire to participate actively in the establishment of the One World concept so necessary to our future co-existence.

There is no doubt but that these formative years will stand you in good stead as you become the mature adult who will take his or her place in society.

Your high school has undertaken the task of training your mind and your body  $\cdot$  of educating you. Educate - a word that simply means to bring out the best that is in you.

Our faculty joins me in wishing you a bright and successful future. We pray that the years at John Bowne High School were the best of times for you.

Sincerely yours,

lead. M. Harner

The supersonic jet and swifter forms of worldwide communications have contracted the globe and its need to communicate with our neighbors abroad has become all the more imperative. We've gone through many bad times;
With a great depth of sorrow.
But we made them happier,
with a look at tomorrow.
To reminisce the bad times
will get you nowhere,
but reflect on the Best of Times
That we have shared.

by: Saundra Curtain

#### The Best of Times

We are departing on a journey Into an unknown future. From a past we will always cherish.

Friends we have made, Joys we have shared, Images that will stay In our hearts forever.

These are days of happiness And though we will see many more, None will ever fill our hearts With such precious memories.

Though our paths may never cross again, And though our lives may be different We will always fondly reminisce About the Best Of Times.

## GIVE US TWO YEARS AND WE'LL GIVE YOU A CAREER.

To learn today the skills employers will demand tomorrow, spend two years in the Army.

For example, a 2-year hitch is just enough time to learn how to become an air traffic controller, broadcast specialist, telecommunications center operator, construction surveyor, dental technician, or one of many specialties in electronics or communications.

For ambitious people, civilian success can begin within the Army. For more information, call 800-423-3673.

### BE ALLYOU CAN BE.

### GET THE CHOICEST SKILL GUARANTEED.

In today's Army, there are literally hundreds of skills to choose from. And if you sign up under our Delayed Entry Program, you can do the choosing.

Of course, whether you choose surveying or air traffic control, you must qualify. And you may have to wait a bit for an opening in the skill training of your choice.

But if you qualify, we'll guarantee your choice up to twelve months in advance.

For a chance to serve your country (and train for the skill of your choice), visit your local Army Recruiter.

BE ALL YOU CAN BE.

SFC. Vic Serrano Sgr. Greg Gomez U.S. Army Recruiting Station 136-71 Roosevelt Avenue Flushing New York 11354 TEL: (212) 939-6330/6208/6270

### GRADUATE TO A \$5000 BONUS.

If you join today's Army for four years and qualify for certain specialties, we'll give you a \$5000 enlistment bonus.

In fact, 57 different Army skills offer bonuses ranging from \$1500 to \$5000. That includes all sorts of things, from learning to repair a Pershing Missile to operating a laser in a tank.

Plus, there's the personal satisfaction that comes with doing a tough job well. The added maturity and self-confidence you'll enjoy.

To find out about all the benefits of serving your country as you serve yourself, visit your local Army Recruiter.

ARMY. BE ALL YOU CAN BE.

### A THOUGHT FROM MVP

How does it feel- running around, round?

How does it feel- watching from upside down?

'Cause many years from now there will be new sensations, new temptations and new elations, new frustrations- How does it feel?

Do you know what it's like to be searchin' in your own time- all your attempting, experimenting still on the climb.

How does it feel- turning away, way, way?

How does it feel- facing another day?

'Cause many years from now there will be newer prizes, new horizons, new tomorrows and still some sorrows- How does it feel?

Do you know what it's like to be searching and suddenly find all your illusions, all your confustions, all left behind.

(J. LEA, N. HOLDER)

#### Love Sonnet to My Students Jacob C. Solovay

Although I issue to you stern commands,
And give you homework as habitual blights
That cause you fretful days and cheerless nights,
And press upon your brain like tightened bands;
Although my zeros, copious as the sand
That swirl on beaches in the stormy light,
Create in you dark havoc out of fright,
And make you seek to fly to other lands;
Remember-O remember that my deeds
Belie the very action of my heart,
As wintry waves conceal the warmer sea.
In future years, among maturer creeds,
And urged by age to a more thoughtful part,
Forget my deeds-but O, forget not me!
